KATHLEEN GAINOR ANDREOLI, D.S.N.
VICE PRESIDENT, NURSING AFFAIRS AND
THE JOHN L. AND HELEN KELLOGG
DEAN OF THE COLLEGE OF NURSING
OF RUSH UNIVERSITY

May 1, 1992

Dear Students:

Congratulations to the Class of 1992 and welcome to its offspring,"Vital Signs". What a proud and memorable event this Yearbook is! It is the first born for the College of Nursing of Rush University and it follows a 20 year birthing process. Since the inception of the College of Nursing in 1972, there has been a steady and impressive growth and development period. Thus, the end product possesses a great genetic makeup. What a heritage! What a potential future!

My special thanks to the Class of 1992 for taking the initiative to make this Yearbook a reality. The format is informal, fun, noteworthy, and a warm record of days gone by. These days have been important to me as well since I was able to observe and enjoy them as your Dean. You have been a "can do" class with a purpose and perseverance second to none. Success is yours for the taking. Most of all, take pride in your first born. "Vital Signs" sets a fine standard for future generations to follow. You are the leader of this important and timely tradition.

Warm wishes,

Kathleen G. Andreoli

We See Tomorrow.

STUDENT NURSES ASSOCIATION

1992

This year the Student Nurses Association (SNA) made it's mark in the College of Nursing through its many members (90+) and activities.

In September of 1991, induction of the new members brought students and faculty together. An orientation group helped these students through the first week of school.

Later there was the annual Chili Bowl and Pasta Bowl. Hopefully a tradition was begun.

Other events included Rainbow House, Military Day and the Alumni Liaison Program. There were many members that went to the mid-year and annual conventions.

Finally, there was an end of the year party for all members. The year was a great success!

Members of the 1991 SNA Executive Board

Jolene Zimmerman - President
Becky Nichols - Vice President
Linda Chmielewski - Secretary
Maggie McGuire - Treasurer
Nancy MacMullen - Faculty Advisor

Members of SNA made this yearbook possible.

LIAISON

PROGRAM

Rush–Presbyterian–St. Luke's Nurses Alumni Association

Nursing Liaison Program

The Liaison Program is designed to match Rush University College of Nursing students with members of the Rush–Presbyterian–St. Luke's Nurses Alumni Association who work at the Medical Center. The goal of this program is for the students to have an alum to talk with about the field of nursing. The students will benefit by having an alum they can consult for professional advice, and the alumni can use this program as a way to get to know the students so that they can recruit them to their unit after graduation. From the standpoint of the Alumni Association, the hope is that by being exposed to alumni, the students will gain an appreciation of what it means to be an alum of this fine program.

For the first year, we will concentrate on only the third year students. Based on our success, we hope to expand the program to include all students in the College. By using alumni who are employed at the Medical Center, the Committee is hopeful that their accessibility will be a positive force in the program's success.

Letters will be sent to the students and alumni in January, inviting them to participate in this program. All participants will be asked to fill out a registration form which will be used by the Committee to make the student/alumni match.

To assist in the recruitment of alumni volunteers, committee members will update the unit leaders and department chairpersons about this program, and ask them to encourage the staff nurses to participate.

The responsibilities of the alumni will be to attend special events designed for the liaison program, to take the initiative in meeting with their assigned student on a periodic basis and to act in a peer counseling capacity. The students will also be expected to attend the events designed specifically for this program and to maintain contact with the alumni.

This program will kick off in February at the reception for students and alumni employees. In addition, the students and alumni will be asked to participate in the March Nurses Alumni Association Ice Cream Social. In addition to expanding the program in the future to include all students, we also hope to include more events for the students and alumni.

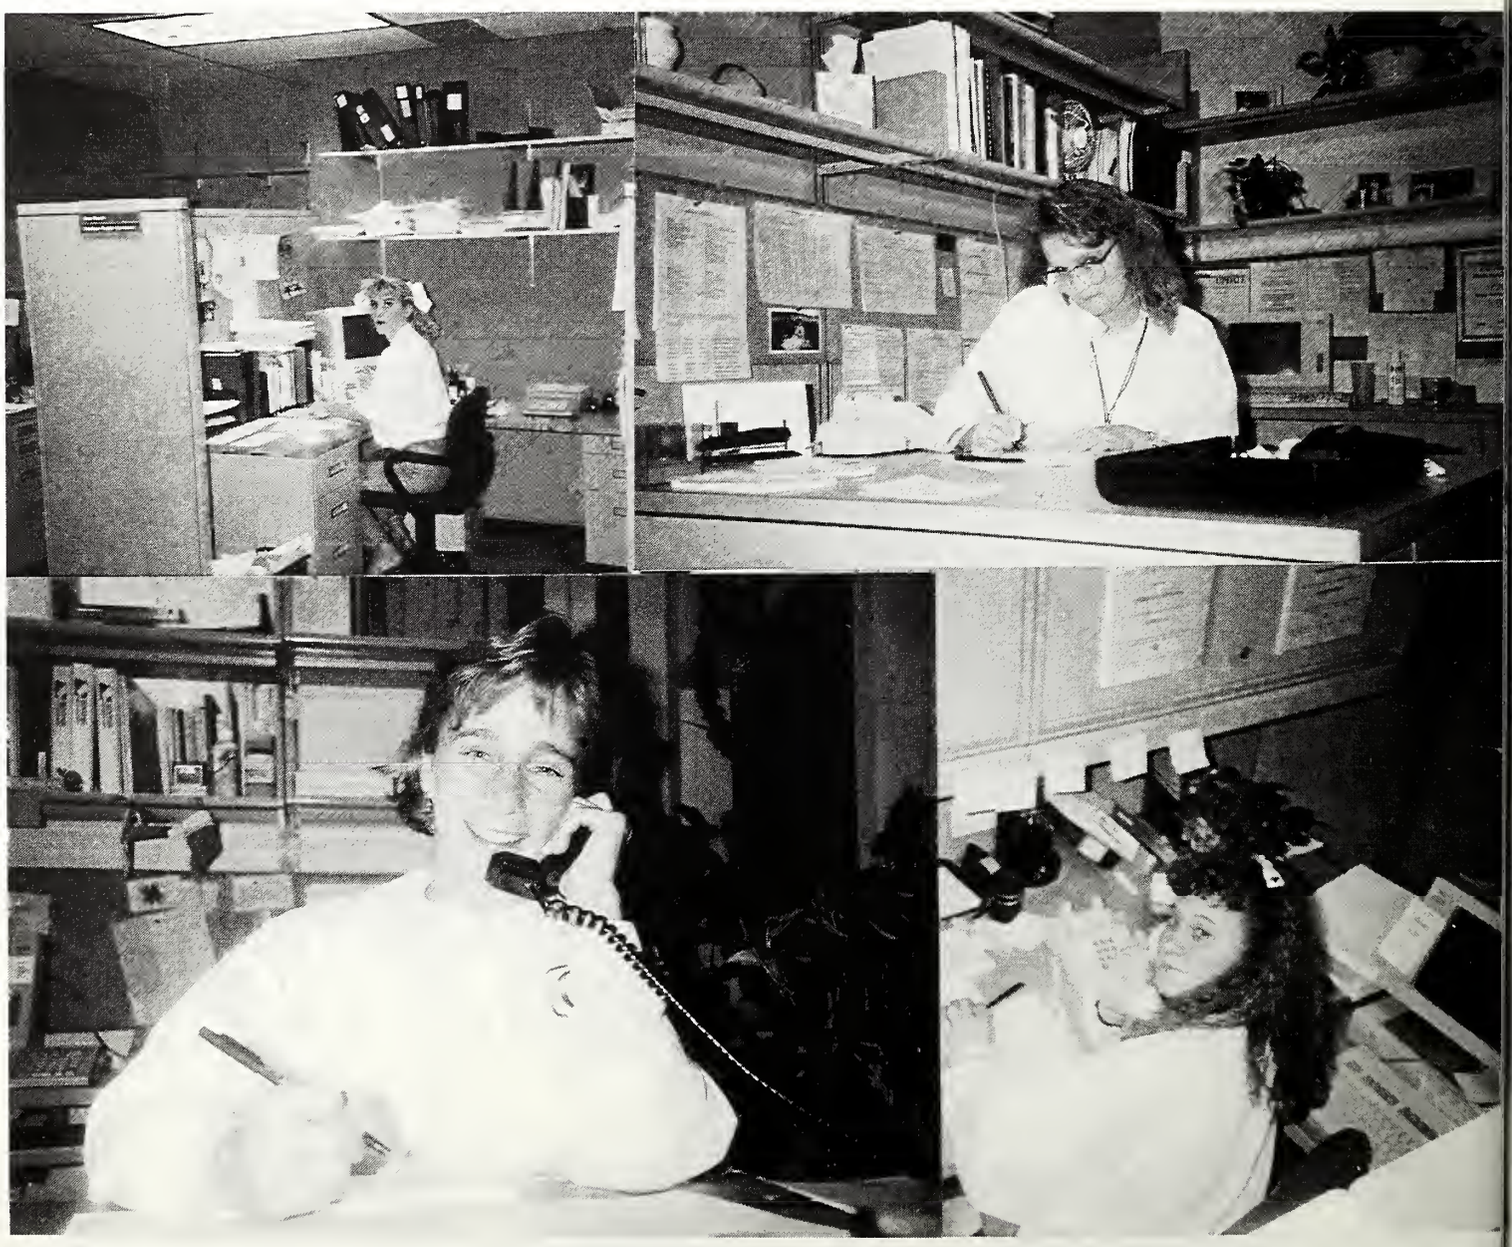
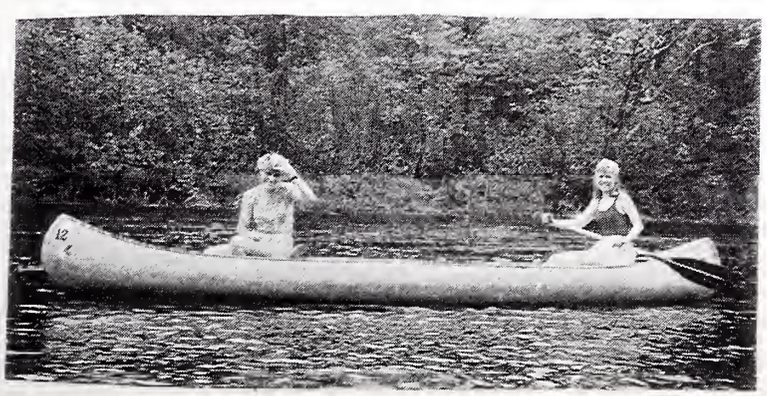
Students participated in fall and spring phone fundraising campaigns.

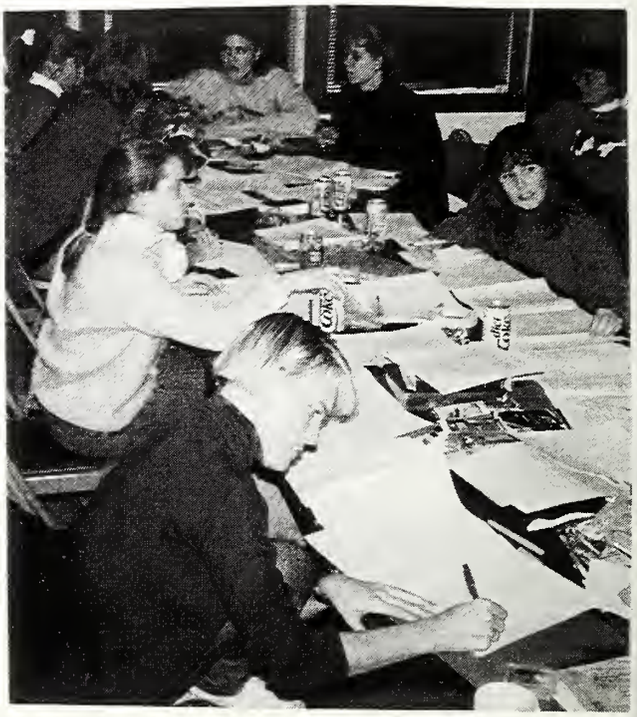


Nurses Christian Fellowship

A student-run interdenominational Christian organization that provides support and encouragement for students as they undertake to survive the challenges of nursing school.



It's hard to believe that nursing school is over already! We praise God for the opportunity we have had to get to know our classmates in these two years. This past year has been an especially exciting time of growth for NCF. As this organization continues on in years to come, may it continue to exist to the glory of God!



Goin' to the chapel and we're gonna get married ...

These are photos of students and faculty who have been married or are getting married within two years here at Rush.

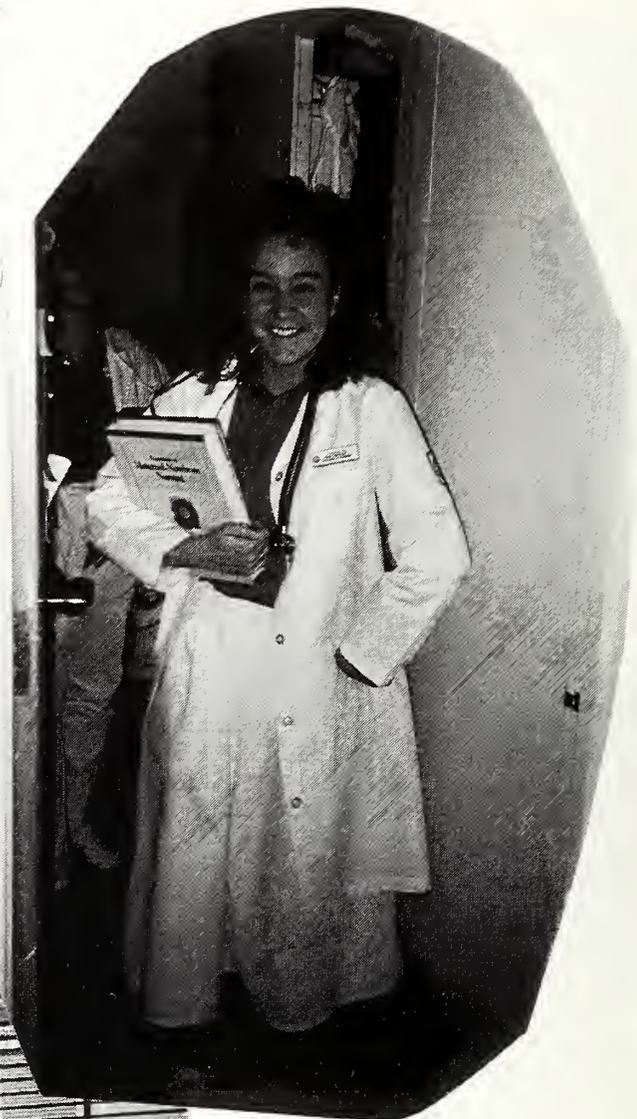
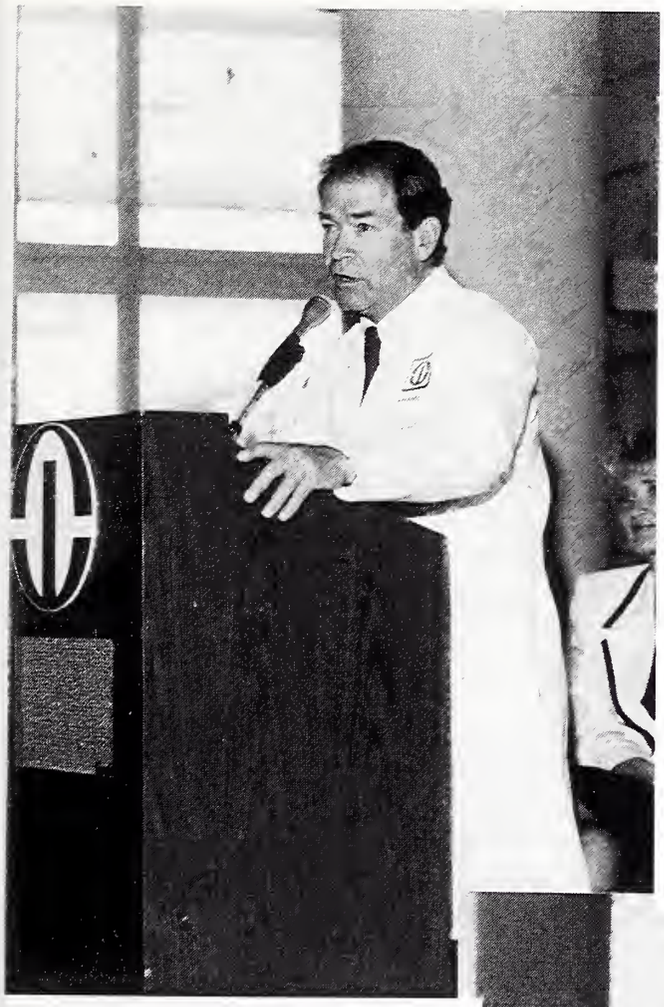
Let's take hold of our destiny, together.

HEROES AND LEGENDS.



In the Spring of 1991 the Rush College of Nursing instituted the "green shirts" to be worn by undergraduate students - PREL & GEL. Lab coats can be worn as needed but are not necessary!



Leo M. Henikoff, M.D., President
Rush-Presbyterian-St. Lukes Medical Center

"Rush-Presbyterian-St.-Luke's is a major academic medical center on the national scene in a leadership position in many of its attributes and delivering the kind of care that is really second to none. It is within this environment of excellence and balanced emphasis on patient care, education, and scientific inquiry that future health professionals have the opportunity to grow in knowledge, understanding and skill."

Kathleen Gainor Andreoli, D.S.N.,
The John L. and Helen Kellog Dean,
College of Nursing
Vice President, Nursing Affairs

"At Rush-Presbyterian-St. Lukes Medical Center nursing sets a national standard for excellence in patient care. This is accomplished through the unique integration of academic functions and health care services resulting in innovative nursing care delivery systems, nationally recognized educational programs culminating in the preparation of clinical nursing scholars in specialized care disciplines, and research programs that contribute to the scientific basis of clinical and administrative practice in nursing."

Katie & Ann

Managed to keep us at Rush. Thanks for giving us an outlet (and a place to watch the SOAPS).

Phyllis & Julie

The amazing ones that got us here in the first place.

Eileen

AIM HIGH

"The Air Force taught me that golden opportunities are really made of silver."

"There is a silver emblem on my uniform. And big opportunities lie ahead. I feel a great sense of excitement, and a little bit of astonishment. Me? An Air Force nurse?

"The idea was certainly not one I considered at first. But as the end of my BSN program neared, I had to ask with honesty: Where are the best growth opportunities?

"After all, my expectations were high. I wanted to advance my education, to be surrounded by a sophisticated medical environment. I wanted to focus on certain specialities, and then become adept in others. And I learned you don't have to wait for years before an opening comes along that allows you to move up.

"I'm willing to bet that many nurses today are simply unaware of Air Force opportunities. The facilities are much better than I expected and more advanced than I'd ever imagined. Every day is different, new.

Lieutenant Paula Gansky

"And one other thing — *respect.* You're treated like a professional. And you are an officer serving your country. There are opportunities to travel, to enjoy the excitement of a unique job. Indeed, every day, I pin the emblem to my uniform and realize that golden opportunities are really made of silver."

The Air Force is seeking more clinical nurses — whatever your career goals, you'll find you can meet them in the Air Force. Bachelor's degree required. Discover the Air Force opportunity.
